Subject: Questions / comments re New School near Silver Spur

Kristi,

Thanx so much for taking the time to talk to me today. Following are my questions / comments?

- I am very concerned about any additional traffic through Silver Spur to access the new school. I understand that the connector road is "on the plat," but did that stipulate that it be built and / or that it be paved? I understand this is maybe a moot point since the road has already been beat in to Purple Sage.
- Silver Spur neighborhood roads are privately maintained roads. How do we minimize through traffic once the road is built? What mitigation options are being considered? If none are being considered, they should be.

Please send me the link for the Zoom meeting.

Thx

Ron Wackowski
